Once again, many thanks to Rob Chumley and New Vertical Technologies for replacing our outdated WiFi. Also, thank you to DJ for his efforts in getting us a donation of paint so that we can give the building a new look. Painting to start soon!

Something to remember about the Bay Country Moose... while we are a charitable organization and are grateful for all donations received, we ourselves make many donations each year to worthy organizations in our community. Also, the vast majority of the dues all members pay annually go to support Mooseheart, a residential childcare facility located in Illinois, as well as Moosehaven, a private membership retirement community located in Florida. So, every time you buy food or support the Bay Country Moose in any way, you can feel good knowing that you are contributing to our charitable efforts.
